Art Unit: 1745

1. Restriction to one of the following inventions is required under 35 U.S.C. 121:
 - I. Claims 14-50, 63-84, drawn to a first battery pack comprising dual cases, classified in class 429, subclass 177.
 - II. Claims 51-62, drawn to a second battery pack comprising a single case, classified in class 429, subclass 99.
2. The inventions are distinct, each from the other because: the Group I battery pack includes dual cases while the Group II pack includes only a single case surrounding the batteries.
3. Because these inventions are distinct for the reasons given above and have acquired a separate status in the art as shown by their different classification and recognized divergent subject matter, restriction for examination purposes as indicated is proper.
4. Applicant is reminded that upon the cancellation of claims to a non-elected invention, the inventorship must be amended in compliance with 37 CFR 1.48(b) if one or more of the currently named inventors is no longer an inventor of at least one claim remaining in the application. Any amendment of inventorship must be accompanied by a request under 37 CFR 1.48(b) and by the fee required under 37 CFR 1.17(i).
